Daniel R. Callahan
Environmental Coordinator
American Cyanamid Co.
P.O. Box 31
Linden, NJ 07036

Dear Mr. Callahan:

RE: American Cyanamid, Linden, EPA ID NO. NJT 350 010 229

The Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) authorized the New Jersey Department of Environmental Protection (NJDEP) to establish a program requiring permits for hazardous waste treatment, storage or disposal facilities. NJDEP has issued regulations to implement this permit program, which can be found under N.J.A.C. 7:26-1.1 et seq.

Pursuant to these regulations, specifically N.J.A.C. 7:26-12.3, your facility has been operating as an existing facility since the New Jersey Hazardous Waste Management Regulations (N.J.A.C. 7:26-1.1 et seq.) became effective on October 8, 1981. Our records show that you have submitted either Part A of the USEPA RCRA Permit Application or Part A of the New Jersey Hazardous Waste Facility Permit Application. If necessary, your Part A application shall be revised to reflect the requirements of N.J.A.C. 7:26-1.1 et seq. Forms may be obtained from this office or U.S.E.P.A. Region II at (212) 264-9880.

This letter shall constitute an official request for the complete New Jersey Hazardous Waste Facility Permit Application, which shall include items set forth in Attachment I. Please note that Item 7 requires the submittal of information pursuant to the Hazardous and Solid Waste Amendments of 1984 (HSWA). The State of New Jersey is not yet authorized to administer the provisions in HSWA, therefore the attached letter shall constitute EPA's request for the HSWA portion of the permit application. Your permit application should be prepared to both the HSWA and pre-HSWA requirements.

658007

SEP 18 1987

The remaining sections of your application should be submitted no later than six (6) months from the date of this letter. Failure to submit the required application by this date shall constitute grounds for termination of existing facility status pursuant to N.J.A.C. 7:26-12.3(f)2.

As stated above, your full application is not due until six (6) months from the date of this letter. However, I would encourage you to start work on it as early as possible because there is a significant amount of information to be submitted. Initially, all applicants shall submit three (3) copies of the application. Two copies shall be submitted to:

Ernest J. Kuhlwein, Acting Chief
Bureau of Hazardous Waste Engineering
Division of Hazardous Waste Management
New Jersey Department of Environmental Protection
401 East State Street, 5th Floor
Trenton, NJ 08625

The remaining copy shall be submitted to:

Barry Tornick, Chief
New Jersey/Caribbean Permit Section
U.S. Environmental Protection Agency
Region II (2AWM-SW)
26 Federal Plaza
New York, New York 10278

The Department will notify the applicant as to how many additional copies are needed for distribution to appropriate state and local authorities when it completes its initial evaluation of the application.

Should you wish to treat part of your application as confidential information, please refer to Attachment II, which outlines the procedures to be followed in making this claim.

I have taken the liberty of scheduling two (2) application conferences in order to assist you in preparing this application. These conferences have been scheduled for December 2, 1987 and February 3, 1988 at 10:00 am. These conferences will be held in the conference room, 401 East State Street, 5th floor, Trenton, New Jersey 08625. If it is determined that one or both of these conferences is unnecessary, please notify my office of the cancellation.

SEP 18 1987

Should you have any questions regarding this official request to submit your Hazardous Waste Facility Permit Application, please do not hesitate to contact Jean Adragna or Tom Sherman of my staff at (609) 292-9880.

Very truly yours,

Ernest J. Kuhlwein, Jr., Acting Chief
Bureau of Hazardous Waste Engineering
